There are so many ways that you can help the Joe Torre Safe At Home Foundation provide services to children that have experienced or witnessed violence in their homes and communities. The following are some options:

- \$5,000** Will allow us to host up to 50 prevention workshops on bullying, sex trafficking, and healthy masculinity.

- \$1,000** Will allow us to provide one year of critical individual counseling to 4 children traumatized by violence.

- \$500** Will pay for program supplies at one Margaret's Place site.

- \$250** One year of violence prevention awareness campaigns in one school.

- \$100** One year of *group* counseling for one student.
